Section 110.0 - Demolition of Structures of the city code states:

110.1 Service connections: Before a structure is demolished or removed, the owner or agent shall notify all utilities having service connections within the structure such as water, electric, gas, sewer and other connections. A permit to demolish or remove a structure shall not be issued until a release is obtained from the utilities, stating that their respective service connections and appurtenant equipment, such as meters and regulators, have been removed or sealed and plugged in a safe manner.

The following information is required on the permit application:

1. Owner's name
2. Owner's address
3. Real estate tax number (P.I.N.) and township name
4. Signature of contractor or owner (whomever is performing the work)

Please note: Cook County Department of Environmental Control has advised that they require a permit for all demolition, including houses and garages. Their permit application and related information are available on line at their web address below. We have been advised that it takes approximately 4-5 days to obtain a Cook County permit.
