The following is a summary of the process for the Plan Commission of the City of Rolling Meadows. The procedures hereby established are to assist all parties involved and do not modify, amend, repeal or otherwise affect the applicability of the ordinances of the City.

Requesting a Plan Commission hearing involves these steps:

1. Application Process

4. City Council Decision

Please note, due to notification timeframes, it is necessary to submit your applications and supporting documents one month in advance of the hearing date.

Application Process

After you complete the application, return the application, with the fee and attachments to the Community Development Department. A letter will be sent to you advising that we have accepted your application and this letter will give you the date of your public hearing. **Note: Do not start the notification process before you receive this letter.**

- ◆ The application must be complete in order for the request to be processed.
- ◆ The application form is to be completed by printing or typing.
- ◆ Please note that if the request is being made by an agent, the property owners written authorization must be included.
- ◆ Review applicable Code sections for specific requirements.

- ◆ **Notification must be accomplished 15-30 days prior to the hearing date.**

- ◆ **48 hours before the meeting** the certified mail receipts (green cards) must be submitted to the Community Development Department.

**** Failure to comply with the above items may result in removal from the agenda.***

➤ **City's Responsibility**

- ◆ The **City** will publish a public notice in the newspaper. A copy of the notice will be forwarded to you for your use in notifying surrounding property owners.

Public Hearing

Be prepared to present your case on the night of the hearing. You should give a brief oral overview of your proposal to the Plan Commission. Be prepared to answer questions, especially regarding any neighbor or City staff concerns.

Decision

At the meeting the Plan Commission will vote on your request. The Plan Commission's decision will be forwarded to the City Council for their review and final decision.

City Council Meetings

After the Plan Commission holds their public hearing on the request, and after receipt of the hearing minutes from the recording secretary, the Community Development Director will place the item on the City Council agenda. The ordinance will normally appear for a first reading (Consent Agenda) and then return for a second reading and vote. However, occasionally, the Council may remove a proposal from the Consent Agenda and act on it at the first meeting.

Normally, the first reading will be on the fourth Tuesday of the month of the hearing. The second reading is then on the second Tuesday of the following month. Meetings are at 7:30 p.m. in the City Council chambers located on the second floor of the Municipal Building.

Please remember, should you receive an approval for your planned development, it applies to the zoning issue only. The construction of the project is still governed by the building code and applicable permits and inspections should be obtained.

**City of Rolling Meadows
Memorandum**

To: Applicants to Appear Before the Plan Commission

From: Valerie J. Dehner, Community Development Director

Subject: Quality of Information to be Submitted

A concern of the Plan Commission is the quality of information presented to them for review. You, as an applicant to appear before the Plan Commission, can greatly reduce the possibility of your matter being "tabled" to the next meeting by making sure your information is complete, accurate and professionally done.

Plans, drawings, plats and sketches should have sufficient detail and dimensions. The size of the property will generally dictate the size and scale used, but generally a 24" x 36" plan is ideal. However, if plans can be reduced to 11" x 17", without loss of clarity and detail, this size would be preferred by the City Council.

Narratives and correspondence should be typed, well organized with subject matter highlighted before each paragraph.

Each of the required twenty (20) sets should be neatly assembled. Refer to the guidelines or applicable ordinance to determine what must be included in your presentation.

Although the Plan Commission will have your information, you should have the same information available at the meeting for your reference. The plans and sketches should be mounted on some type of film board for display on an easel.

When your matter comes up on the Agenda, the Chairman will ask you to make a presentation regarding your request. Be prepared to present your request in a thorough but concise manner. The scope of the request will dictate the volume of testimony needed and the number of experts and/or individuals that need to address the matter. The Plan Commission will give you ample time to present your proposal, but redundant and unrelated information may serve to "irritate" the members.

Remember, you are trying to sell your proposal. The quality of presentation, both written and oral may directly affect the outcome of your request.
